Activities: Landlord/Tenant Clinic (responsible for two cases; supervised a third case)
Yale Journal of Law and Technology — Lead Submissions Editor
Yale Federalist Society — Faculty Relations Chair

Princeton University (Princeton, NJ) Ph.D., Computer Science, May 2009 GPA: 3.9

Honors: AMD Research Fellowship, Princeton PICASSO Fellowship,
NSF Fellowship Honorable Mention

Thesis: *Rendering Filters for Controlling Detail and Creating Effects*
(discussing topics related to computer graphics and animation)

University of California, Irvine B.S., Computer Science, April 2002 GPA: 4.0

Honors: Graduated First in Department of 220, *summa cum laude*, Phi Beta Kappa,
Award for Outstanding Contribution to Research, University Regents' Scholarship

Selected Publications (*Published 13 articles and 2 book chapters; peer reviewer on over 30 articles*)

Natalya Tatarchuk, Jeremy Shopf & Christopher De Coro, *Advanced Interactive Medical Visualization on the GPU*, 68 J. Parallel and Distributed Computing 1319 (2009).

Christopher De Coro, et al., *Stylized Shadows*,
5 International Symposium on Non-Photorealistic Rendering and Animation 77 (2007).

Christopher De Coro, et al., *Bayesian Aggregation for Hierarchical [Music] Genre Classification*,
8 International Symposium on Music Information Retrieval 77 (2007).

Work Experience

Wilmer Cutler Pickering Hale and Dorr LLP — Summer Associate May 2011–July 2011

Researched legal issues and wrote memoranda relating to securities regulation, confiscations by foreign sovereigns, patent exhaustion and indefiniteness, U.S.–E.U. antitrust cooperation, enforcement of arbitration clauses, bankruptcy priorities, and admissibility of hearsay evidence.

Professor Owen M. Fiss — Teaching Assistant, Procedure July 2010–January 2011

Designed and graded writing assignments. Met with students to discuss their assignments, work product and course material. Taught a lecture.

United States Attorney's Office, District of Connecticut — Law Intern June 2010–August 2010

Researched and wrote a criminal appellate brief, a criminal sentencing memo and a motion to dismiss a habeas petition. Represented the United States in a summons enforcement proceeding and at a settlement conference. Researched memoranda on a wide range of legal issues.

Princeton University — Teaching and Research Assistant September 2004–June 2009

Researched and implemented novel methods and algorithms for computer graphics, relating to the mathematical foundations of realistic animation and lighting. Directed research teams of students and faculty on large-scale projects. Published and presented results at major international conferences. Taught lectures for four semesters, in a range of classes from beginning to advanced computer science. Designed undergraduate exams and assignments.

AMD/ATI Research, Inc. — Research Intern May 2006–October 2006

Applied theoretical research to practical problems, resulting in two published peer-reviewed papers, two book chapters, and a patent application.
