

*COS 116*  
*The Computational Universe*  
***Homework 1***

**Compete online survey & assessment by noon Thurs Feb 16**

---

**This homework has two parts, and should take 15-30 minutes total.**

**Q1)** The first part is a survey about attitudes towards science, which you can complete online here:

<http://tinyurl.com/PUSTLSurvey>

**Q2)** The next part is a numeracy assessment, performed as follows:

A. Go to this link

<http://www.assistments.org/account/signup>

- B. Select: I am a Student at Princeton University.
- C. Fill in your name, birthday, and class year, select a password (and write it down in your class notes for later), and click on "Sign up". You are now registered and signed in.
- D. Click on the "Tutor" link (on the top left of the webpage).
- E. Click on "Enroll in a class".
- F. Select "csealfon" as your teacher.
- G. Under "Choose a section to join", select the STL course in which you are enrolled this semester (COS116).
- H. Click on "Show Assignments".
- I. Select "Numeracy Pretest" to take the survey.
