

Brainstorming

COS IW 03: Hands-on Reinforcement Learning

Karthik Narasimhan

Project proposals

- 5 slides
- **Goal:** What is the problem you are tackling?
- Any prior work in the space that might be useful to build off of
- What are the datasets and tools you will need?
- Expected outcome
- Plan (with milestones and dates)

Things to do for next class

- Remember to fill out forms for SEAS funding
 - **due February 17**
- Upload project proposals into Google Drive
